PETERSBURG. INTERNAL-REVENUE RECEIPTS-WAITING FOR THE SETTLEMENT OF THE TAX-EXPORTS OF TOBACCO-COTTON RECEIPTS-A RICH-MOND DRUMMER ARRESTED-ROBBERT 13

CHESTERFIELD. [Correspondence of the Richmond Dispatch,] FEBRUARY 8, 1879. The internal revenue collections in the Petersbury district for the week ending today amounts to \$11,349.69. As soon as the tobecotax question is settled in Congress to collections will be largely increased, as the revenue receipts in the district are mostly from the sale of tobacco stamps. It is believed also if the tax is reduced to sixteen cents that a number of the factories which have long been idle in this city will resume operations, and the amount of the manufactured article be greatly increased. The amount of manufactured tobacco exported in bond from this city during the week ending to-day was 176,402 pounds. The cotton receipts for the week per the Petersburg railroad were 567 bales. The receipts of tobacco, both of hogsbeads and

loose, are increasing, and the market is firmer for the better grades. Mr. R. M. Harris, a drummer for a Richhouse, was to-day arrested by the High-Constable on the charge of selling goods by sample without a license. He was sent on to the April term of the Hustings Court for trial, and bail allowed in the sum of \$200, which he has not yet furnished.

The mill of Messrs. T. D. Stewart & Co., in Chesterfield county, near Ettrick, was broken into last night and robbed of a quantity of flour and meal. The tools by means of which an entrance was forced were stolen from the adjoining planing factory of Mr. G. ROBIN ADAIR. B. Lancs.

DANVILLE.

[Correspondence of the Richmond Dispatch.] FEBRUARY 8, 1879. The new jail is now ready for use. Total cost about \$10,150. Better arrangements hardly be imagined. The stone was obtained from the quarry near Lynchburg worked by John D. Kelly, and the doors and windows are of chilled iron, and were made at the Tredegar Works, after the celebrated Cook & Heath patent. The house was built by a Danville contrator, Mr. J. B.

Captain C. A. Ballou. Messrs. Jesse Adams & Co. (Mr. Adams of Amberst) have contracted for the buildrailway from Ward's Spring, on the Midland railroad, in this county, to Rocky Mount, the capital of Franklin county. The work is to be done by the 1st of December next.

CAMPBELL COUNTY.

A HARD WINTER-TOBACCO FEVER, &C .- OTHER [Correspondence of the Richmond Dispatch.]

FEBRUARY 7, 1879. We have had a terrible winter up here. and everything looks bleak and dreary. If the ground had been covered with a coat of snow, it would not have suffered so much, it is, the wheat fields and winteroat fields present a bleak aad barren appearance. How they may "come out" is a question of time. The planters are making poor beadway in burning plant-lands and preparing for another crop of tobacco; but tobacco is selling so low, I believe the planters would not be sorry if there were a general failure in the crop, as by that means they might at least receive pay cost of production. As it s, many of them who used fertilizers will not sell their crop for as much as it cost to produce them. But, notwithstanding the low price of tobacco, we are blessed up here in having plenty to eat and all eat-

other things in proportion. The people of the county care little about the canal or railroad, so they get a good price for their tobacco. The views promulgated by your valuable paper meet the views of the best people in this section on the subject of the canal and the public debt, and, indeed, on all subjects of State policy.

I was in Lynchburg yesterday and last night, and found the people of that ancient nd billy city perfectly carried away with their new Opera-House, Academy of Music, or whatever they intend to call it. Call it what they may, it is a very beautiful house and was crowded last night. If they could get Booth there I believe he would run the people of that city almost crazy.

Lynchburg has certainly taken a new start, and the tide of empire is going east, and if you don't stop her the first thing you know she will capture Richmond. The new market-house has been built down town. Hancock built his fine Opera-House down town, and now the Pace Brothers are going to cover a whole plantation with a warehouse down town; and, besides, I understand there is to be a free bridge built across James river at the lower end of the city. Lynchburg is certainly a growing place.

Washington, February 8 .- Senator Bayard, in reporting the bill reducing the tobacco tax and revising the revenue laws, said, in view of its importance, it ought to be considered at an early day, and he gave notice that he will call it up next Thursday. As already stated in these dispatches, a majority of the Senate can take up any bill out of its order, while to do so in the House requires a two-thirds vote. Mr. Morrill, chairman of the committee, said he thought that the bill ought to be in charge of its friends, and hence requested Mr. Bayard to report it. He notified senators that he will oppose its passage. It is understood that Mr. Sherman will use all of his power to defeat it, but he cannot induce the Republican senators committed derstanding that it is to be reported back one, either in cipher or translation, which for the safe keeping of prisoners could to its support to vote against it. THE BRAZILIAN MAIL-STEAMSHIP SUBSIDY. On Monday the Appropriation Committee of the Senate will consider the propriety of adding the Brazilian mail steamship subsidy to the post-office appropriation bill. Messrs. An amendment was it. The friends of the scheme say the report of the Appropriation Committee will be favorable.
